

# A PARENT'S GUIDE TO INK DIFFERENT TATTOO APPRENTICESHIP PROGRAM

# YOU ARE NOT ALONE.

WE KNOW EXACTLY WHAT YOU ARE THINKING: "HOW CAN I HELP MY CHILD SUCCEED?" AND "IS THIS A STABLE CAREER PATH?"

As a parent, guiding your child toward a meaningful career can feel overwhelming, especially when that career is outside the traditional college path. In fact, the exact challenges you're facing are why we created the Ink Different Tattoo Apprenticeship Program.

Our program modernizes the traditional tattoo apprenticeship model to meet the needs of today's aspiring artists. During the initial phases, your child begins their journey in a live virtual classroom. Once they complete their online requirements, they move into one of our physical studios, where they gain the hands-on experience and professional development they need to thrive as working Tattoo Artists.

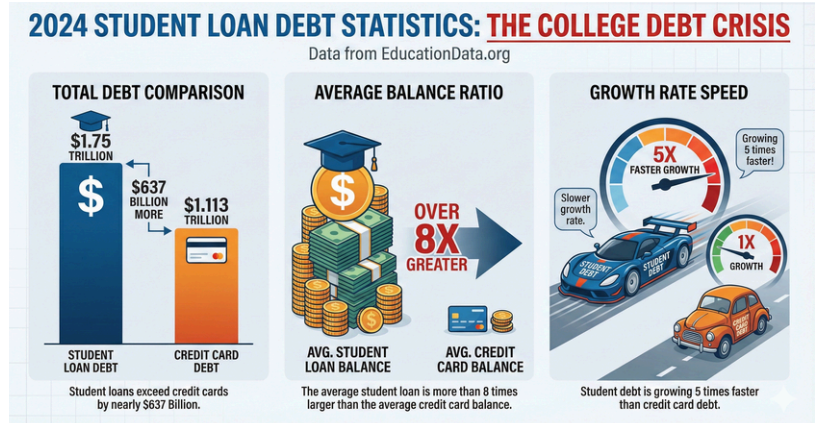

**Our results speak for themselves—Every graduate who completes the full apprenticeship program receives a guaranteed job offer.**

## A SMARTER ALTERNATIVE TO COLLEGE

Let's talk higher education. College isn't the only—or even the best—path for every child. According to leading voices like Ben Horowitz, co-founder of Andreessen Horowitz, the return on investment for many degrees just doesn't add up anymore.

As technology rapidly automates "white-collar" jobs, tattooing remains uniquely secure. Why? Because it is built on irreplaceable human connection. By choosing tattooing, your child gains a trade that relies on the one thing technology can never copy: their humanity.
